Door Range

Crafted for life

Each **Loughlin Furniture** door is handcrafted by our skilled makers from our Central Coast workshop.

The beauty of crafting this way means each product has an individual story that can be shared over its lifetime. We use only select grade timbers with our signature finish which has been perfected over years to maintain both the durability of the pieces and maintain modern aesthetics.

Divide your space with the natural beauty of timber and our handcrafted Villa Keys Arch door.

Villa Keys Arch internal door in American Oak Light

The Villa Rattan Arch door features a beautiful mix of rattan and timber detail.
