

THE VALLEY RANGE

Crafted for life

Loughlin
Furniture

The passion began for us nearly 20 years ago when Rob first experienced working with slab timber on the East Coast of Australia.

It later followed with a stint at the famous Paddington Markets where we started to grow and develop the Loughlin style and range.

Over the years we have worked closely with customers in creating unique and bespoke pieces, transforming ideas into inspiring spaces.

Fast forward 10 years and we are ecstatic that Loughlin Furniture has grown into one of Australia's leading design and furniture manufacturing brands.

With a team of highly skilled craftsmen behind us, our aim is to create quality, individual furniture pieces that are crafted for life, primarily from hand selected solid timber.

Behind the scenes our personalised design approach allows us the ability to translate and reinvent current trends. Combine this with the simplicity of design and quality of finish, we ensure each client receives the very best in Australian designed and built timber furniture.

THE VALLEY RANGE

The Valley Range features our beautifully crafted timber veneer, a fine layer of real American Oak that has all the grain, texture and feel of a Loughlin Furniture timber bathroom vanity.
