

THE STAPLES RANGE

The passion began for us nearly 20 years ago when Rob first experienced working with slab timber on the East Coast of Australia.

It later followed with a stint at the famous Paddington Markets where we started to grow and develop the Loughlin style and range.

Over the years we have worked closely with customers in creating unique and bespoke pieces, transforming ideas into inspiring spaces.

Fast forward 10 years and we are ecstatic that Loughlin Furniture has grown into one of Australia's leading design and furniture manufacturing brands.

With a team of highly skilled craftsmen behind us, our aim is to create quality, individual furniture pieces that are crafted for life, primarily from hand selected solid timber.

Behind the scenes our personalised design approach allows us the ability to translate and reinvent current trends. Combine this with the simplicity of design and quality of finish, we ensure each client receives the very best in Australian designed and built timber furniture.

Rob & Jess

THE STAPLES RANGE

Designed to showcase the natural beauty of timber, the Staples Tasmanian Oak vanity range reflects a true coastal style.

Staples Mirror Cabinet

Available as single and double vanities in 7 size options with a choice of either Tasmanian Oak or Quantum Quartz Alpine White stone top. The Staples range is a diverse solution for any bathroom.

*suggested height from finished floor to top of basin 900 - 950mm / suggested height from finished floor to centre of tapware 1050mm

*no variations on staples range

What do we do with all our waste ?

We collect our saw dust through heavy duty extraction throughout our factories which collects into a hopper and is fed down to a very clever briquetting machine. It is then compacted and converted into our eco friendly fire briquettes. These can be used as CO₂- neutral fuel for fireplaces & outdoor fire-pits.

They also double as garden compost ~ win win !

We all need to do our part in reducing our waste footprint.

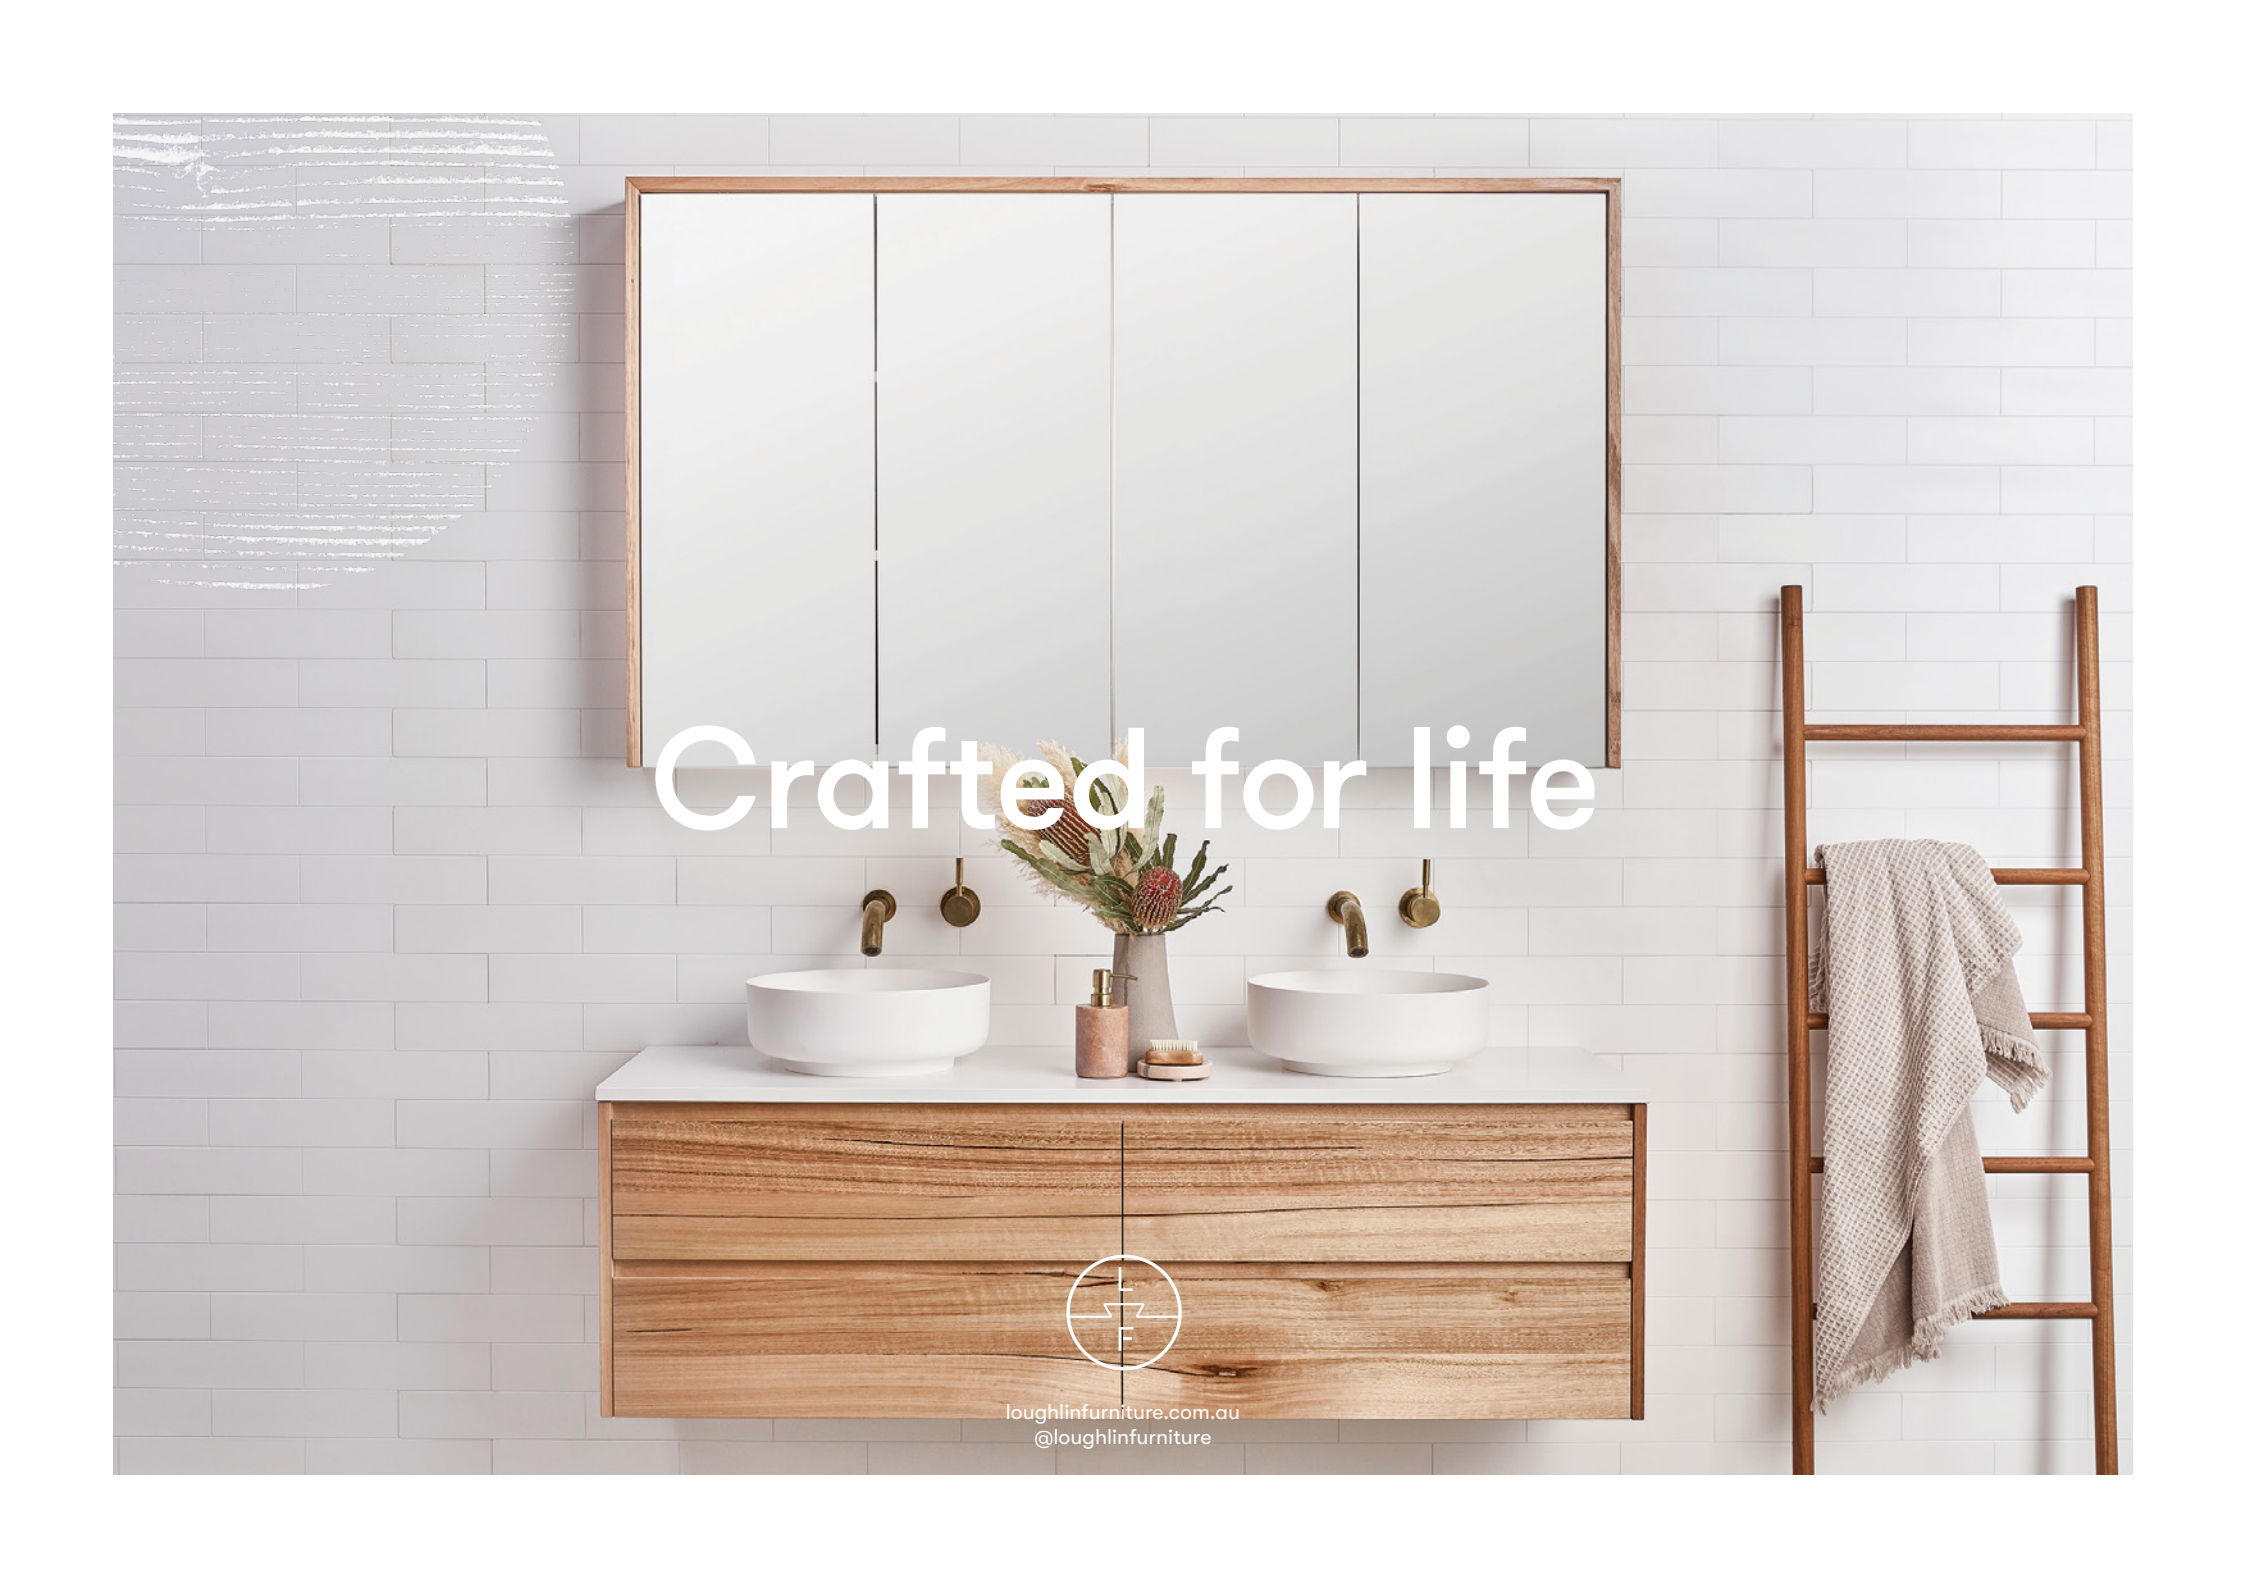

Responsibly Sourced Timber

Loughlin Furniture in union with timber suppliers are committed to our forests, our community and our future. We source a proportion of timber from private native forests with the balance procured from NSW State Forestry which is certified under the Australian Forestry Standards Chain of Custody. (AS4707 – 2006).

Our supply chains insist that all timber produced from these forests is done so under the principles of Ecologically Sustainable Forest Management, a system developed to sustain the full range of commercial and conservation values of the natural forest diversity within ecological limits, for current and future generations.
